

Client Testimonial

Tenant: Mohammed Bani Hashem
Advocate & Legal Consultant, 1007, Latifa Tower
www.mbhadvocates.com

RKM Property Management is an exceptionally well-motivated, responsive, and professional team. Their relationship-oriented style works perfectly. We have experienced good support from the beginning of our relocation to Latifa Tower in 2019 up till today. The team members are doing an excellent job in managing all facilities at our office - be its response to our calls, timely resolution, understanding of our requirements, etc.

They are always helping us maintain our office efficiently and take care of various issues as they come up.

RKM team executives frequently visit our office and provide great support. We are very satisfied with RKM services and would highly recommend them to anyone looking for property management in Dubai.

Tenant: Medicina Pharmacy,
Retail Shop No 02, Latifa Tower
www.www.medicina.ae

We Medicina group value the relationship with RKM, from the lease proposal time till the fit out execution and opening the unit and also further on support for business operation we found RKM is very supportive and professional approach for all the queries and we always get right time response for all our business needs, in general it is pleasure to be a part of your tenant portfolio and we always look for a long term business relationship and we are happy to collaborate with your more projects and developments.

NEW ACCESS FACILITIES LATIFA TOWER (Starting Soon)

Benefits of the Management Visitor System

- Cut out manual processes and improve digital efficiency
- Support our front desk staff to deliver a more personalized customer service
- Enhance workplace safety
- Employee well-being
- A WOW first impression for visitors
- Cost reduction
- Help us stay compliant and handle our visitor's data properly

Benefits of Speed Gate

- Serves as a visual barrier against possible infiltration
- Assists guard force in managing the flow of employees and visitors into the building
- Sensor system sounds an alarm when tailgating occurs, alerting guard staff to respond appropriately
- Ability to control the number and direction of people passing through the entrance
- Works in tandem with visitor management software for a digital record of all guests inside the building
- Integration is possible with virtually any access or biometric solution
- Supports anti-pass back, preventing card holders from passing their card back for a second person to gain entry.
